Apartemen Taman Rasuna Tower 16 Lantai 9 B

My name is Christopher Nathanael TESSY, a Computer Science student at Bina Nusantara University and a passionate web developer from Indonesia. I specialize in front-end development, creating responsive and visually engaging websites with a focus on user experience and performance. With hands-on experience in full-stack web development, I continually expand my skills to build functional and intuitive applications that balance aesthetics with practicality.

## EXPERIENCE

### **Newtn - Jakarta, Indonesia**

Jan 2025 - Present

#### *Front-end Developer*

Newtn is a software studio that brings together talented individuals in the digital industry. Inspired by Isaac Newton's discovery sparked by an apple falling from a tree, Newtn represents curiosity, innovation, and the drive to turn ideas into reality.

- Contributing to the development of Newtn's company profile website, ensuring a responsive and modern user experience.
- Worked with Git, GitHub, React, Next.js, Tailwind CSS, and TypeScript.

### **Apple Developer Academy @ BINUS - Tangerang, Indonesia**

Mar 2024 - Dec 2024

#### *Junior iOS Developer and Game Developer*

The Apple Developer Academy @ BINUS is Asia's first-ever initiative to empower Indonesia's economy by creating world-class developers for the world's most innovative and vibrant app ecosystem.

- Actively participated in multiple sessions about iOS development, game development, UI/UX design, and project management.
- Developed and contributed to 7 projects, including 1 UI/UX design project, 3 iOS applications, and 3 game projects.
- Worked with Git, GitHub, Figma, Swift, SwiftUI, UIKit, Combine, SwiftData, C#, and Unity.

### **FAVE Solution - Jakarta, Indonesia**

Feb 2023 - Feb 2024

#### *Project Manager and Front-end Developer*

FAVE Solution is a professional software house under Bina Nusantara Computer Club providing IT solutions such as web development, UI/UX design, and mobile app development to personnel and companies in Indonesia.

- Led and managed a team of software developers to deliver 2 projects on time and within budget, ensuring high-quality outcomes.
- Actively developed front-end solutions for client projects, implementing responsive and high-performance user interfaces.
- Collaborated with developers and designers to build seamless UI/UX experiences aligned with client requirements.
- Organized and facilitated regular internal meetings, including weekly SCRUM sessions, to promote team collaboration and effective communication.
- Worked with Git, GitHub, GitLab, HTML, CSS, TailwindCSS, Bootstrap, JavaScript, JQuery, PHP, and Laravel.

### **WebCreativs - Jakarta, Indonesia**

May 2023 - Mar 2024

#### *Co-Founder and Front-end Developer*

WebCreativs is a software house founded in 2023 by 3 Bina Nusantara University students, specializing in high-quality, user-centric websites that combine creativity, professionalism, and affordability.

- Developed and launched responsive websites for 2 clients, ensuring seamless user experiences across devices.
- Collaborated with designers and back-end developers to create intuitive UI/UX solutions aligned with client branding.
- Assisted in managing client relationships, gathering requirements, presenting design prototypes, and iterating based on feedback.
- Facilitated regular team meetings, enhancing collaboration and project efficiency.
- Worked with Git, GitHub, HTML, CSS, Tailwind CSS, Bootstrap, JavaScript, jQuery, and WordPress.

### **Freelance - Jakarta, Indonesia**

Sep 2022 - May 2023

#### *Full-stack Web Developer*

Provided end-to-end web development solutions, focusing on delivering functional, high-quality websites for diverse clients.

- Developed and deployed full-stack applications, handling both front-end and back-end development.
- Engaged in direct client communication to gather requirements, propose solutions, and ensure project alignment with business needs.
- Implemented version control, testing, and code optimization best practices, ensuring stable and maintainable solutions.
- Worked with Git, GitHub, HTML, CSS, Tailwind CSS, JavaScript, jQuery, PHP, Laravel, WordPress, and WooCommerce.

## PROJECT

### PT. Dutacitra Nusa Jaya (<https://automaticdoordutacitra.com/>)

#### Full Stack Developer

PT. Dutacitra Nusa Jaya is the Sole Distributor of Manusa Automatic Doors in Indonesia since 2003, specializing in sales, installation, and maintenance services of automatic doors.

- Developed a responsive web platform from a given design.
- Implemented bilingual support (English & Bahasa Indonesia) for wider accessibility.
- Integrated a contact form that directly connects inquiries to the company's email.
- Optimized front-end performance for fast loading times and seamless interactions.

Technology Stack: PHP, Laravel, CSS, Tailwind CSS, JavaScript, JQuery.

Achievements: Successfully developed and deployed on time.

### asetaset.com (<https://asetaset.com/>)

#### Front-end Developer

asetaset.com is an online solution that provides information on assets where the Debtor or Owner or Holder is in a status of Debt Payment Suspension or Bankruptcy.

- Developed and deployed a responsive, user-friendly platform to enhance asset visibility.
- Integrated WhatsApp API for seamless inquiry and ordering.
- Optimized front-end performance to ensure fast loading times and smooth user interactions.

Technology Stack: PHP, Laravel, CSS, Tailwind CSS, JavaScript, JQuery.

Achievements: Successfully developed and deployed on time.

### Prestige Lux Bags (<https://prestigeluxbags.com/>)

#### Full Stack Developer

Prestige Lux Bags, founded in 2018 in Jakarta, offers a hassle-free platform to buy and sell authenticated pre-loved luxury fashion items. They guarantee authenticity with expert inspections and provide a money-back guarantee.

- Collaborated with a team of 3 developers to build and deploy an e-commerce platform for Prestige Lux Bags, facilitating the buying and selling of authenticated pre-loved luxury fashion items.
- Integrated a seamless payment system into the platform, ensuring secure and efficient transactions for customers.
- Ensured the platform met the highest standards of quality, contributing to a smooth, hassle-free shopping experience for customers.

Technology Stack: Wordpress, Elementor, Woocommerce.

Achievements: Successfully developed and deployed with a payment system on time.

## SKILL

- **Front-end:** HTML, CSS, Tailwind CSS, JavaScript, TypeScript, React, Next.js, Vue.js.
- **Back-End:** PHP, Laravel.
- **Tools & Platforms:** Git, GitHub, Figma, WordPress, Elementor, Woocommerce.
